

Critical Incident Commander

Critical Incidents can change in seconds. The way first responders and supervisors react can affect the tactics and procedures utilized and the overall outcome of the situation. This course will focus on response procedures for initial responding supervisors to include Patrol, Command and Executive personnel who will be part of a critical incident decision making process. This course will enhance the Command and Control change over from patrol to SWAT.

Topics covered:

- Immediate response and deployment,
- Gathering and disseminating intelligence,
- Tactical Containment, assessment and control
- Tactical Planning and responsibilities
- Setting up and running an Incident command post
- Table top exercises

Duration: 2 Days

Tuition: \$425.00
