

**Force on Force Instructor**

This course is designed to prepare instructors to train officers in reality based training utilizing ATK Force on Force training ammunition and protective gear. It is designed to eliminate or minimize all training artificialities. Also including methods of reality based instruction and scenario development that will allow attending instructors to create a realistic training environment in which there is the opportunity and the expectation of complete success. Instructors will be able to create and utilize testing and evaluation tools to evaluate officer performance in teaching and testing isolation exercises and scenarios. The instructor development will culminate in a level of proficiency that will enable the successful instructor to utilize reality based training to teach others in the safe and effective application of a law enforcement agency’s policies and procedures.

**Topics covered:**

- Adult Learning Theory, Bloom’s Taxonomy
- Fitzpatrick’s Evaluation Process
- Safety Considerations
- Isolation Drills
- Scenario Development
- Scenarios for Officer Training
- Evaluation of officer’s response and conducting the scenario debrief
- Use of Polar heart rate monitors
